E. County Manager Report

1. Mr. DeHaven gave a review of the Paramedic Education Program. At the last meeting Commissioner Blizzard and Vice Chair Shackelford asked for the success rate of our Paramedic Education Program. Mr. DeHaven stated it is important to review why this program was created. He stated this program was created as an opportunity for our current staff to become Paramedics from their current service level. The program began with 8 people. Of the 8 who started, 5 left the program while in process and have paid or repaying at this time. Two people achieved the paramedic certification and work for the county, and 1 has taken another job with the County and is in repayment. This gives a 25% success rate. This is for informational purposes only.
2. Mr. DeHaven next presented a Budget Amendment for Extension. This budget amendment is necessary to account for the revenue and expenditures of the Farmers Market renovation. Mr. DeHaven noted that the original budget amendment had the wrong figures on it and provided a corrected budget amendment that shows the total cost of the project as \$86,750 of which \$56,000

is covered by a Tobacco Trust Fund Grant that the Extension Office received and the balance is coming for the Fund Balance Appropriated in the amount of \$30,750. Commissioner Blizzard asked when this project would be complete, Mr. DeHaven stated they are shooting for mid-October time frame.

On motion by Commissioner Jones and seconded by Commissioner Blizzard, the Board voted unanimously to approve this Budget Amendment.
