1. Mr. DeHaven presented a Proclamation for Older Americans Month. This proclamation recognizes Older Americans for their contribution to our society and community.

On motion by Commissioner Jones and seconded by Commissioner Johnson, the Board voted unanimously to approve this proclamation.

2. Mr. DeHaven next presented a request from East Carolina Workforce Development Board to re-appoint Rick Davis, Angela Bates, and Judy Darden to their board. The candidates have agreed to another two-year term. Commissioner Burress stated he is not against re-appointing these ECWDB members, but feels the Board of Commissioners need to adhere to the board appointment policy. He feels these positions should have been advertised to allow others to apply.

On motion by Commissioner Jones and seconded by Commissioner Johnson, the Board voted unanimously to approve re-appointing Rick Davis, Angela Bates and Judy Darden to the East Carolina Workforce Development Board.

3. Mr. DeHaven next presented a Resolution in support of Conceptual Drawing #2 for Construction of Roundabouts at Greene Central High School. The concept is for two roundabouts on NC91 to serve the new Greene Central High School. This traffic pattern is endorsed and has funding available from NCDOT. In meetings, drawing #2 was the unanimous drawing of choice by local elected officials and school administrators. This resolution formally accepts the concept that will then be relayed to NCDOT Division 2 to be scheduled with school engineers/contractors for timely implementation.

On motion by Commissioner Jones and seconded by Commissioner Shackleford, the Board voted unanimously to approve the Resolution.

4. Mr. DeHaven next presented a Resolution encouraging Volunteer Fire Departments to improve insurance ratings. This Resolution describes the support for and value brought, by the Volunteer Fire Departments in Greene County. The Resolution also gives a benchmark the Commissioners would have the Volunteer Departments aspire to in an effort to have a positive

impact on homeowner's insurance premiums. Commissioner Burress stated he is all for lowering the ISO ratings, but looking at the report a consulting group did on the VFD's the county is responsible for as much as 40% of the ICO score and needs to take care of the things that they can control.

On motion by Commissioner Jones and seconded by Commissioner Johnson, the Board voted unanimously to approve the Resolution.

5. Mr. DeHaven next presented a request from the Planning Director to appoint a new applicant to the Planning Board. All requirements were met with the advertising for applications for this position. Commissioner Burress commended and thanked Mr. Sutton for following the Board appointment policy.

On motion by Commissioner Jones and seconded by Commissioner Johnson, the Board voted unanimously to approve the appointment of Kendall Paramore to the Planning Board.

6. Mr. DeHaven next presented the proposed FY 23/24 Contract for Audit services from Mauldin Jenkins. This is the 3rd year in a 3-year agreement with Mauldin Jenkins to audit our financial statements. The price is for \$82,000. We have had great success in working with this firm and appreciate the skill and value they bring. Commissioner Burress stated he respects the auditor's capabilities, but the Board lack of involvement concerns him. He is concerned about the fact the Board has not received the audit report before the report is presented. This does not allow them to ask insightful questions, prepare for the presentation, and truly grasp the audit's findings. Therefore, he will be voting against this contract.

On motion by Commissioner Jones and seconded by Commissioner Johnson, the Board voted 4 – 1 (Commissioner Burress) to approve the audit contract.

It is unknown how many scrap tires that the County receives at its landfill annually. However, the Contractor understands that the County does not control the scrap tire waste stream and that there is no guaranteed volume that will be received during the term of this Contract.

2) Recycling and Disposal Services

a) Contractor Responsibilities

The Contractor agrees to stage a van trailer at the County's designated sites and to transport, process, recycle or dispose of all scrap tires loaded in said trailer. Furthermore, the Contractor shall be responsible for hauling, processing, recycling and/or disposing of all scrap tires in accordance with all applicable state, federal, and local environmental and safety laws, regulations, permits, ordinances, and standards.

b) County Responsibilities

The County shall make available ample space in a manner acceptable to the Contractor to provide for efficient handling of containers and materials contained therein.

3) Term

This Contract shall be in full force and effect for a period of five (5) years from the date of execution, unless terminated earlier per Section 8 (b) with two (2) automatically extended annual renewal terms at the end of each successive term unless either party notifies the other party in writing 30 days prior to the expiration of the term of his desire to terminate this contract, in which case the term shall end as scheduled.

4) Time of Performance

Contractor shall remove each loaded trailer in a timely manner. Non-working days shall include Saturday, Sunday, New Year's Day, Martin Luther King Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas, and the day after Christmas.

5) Invoices

The Contractor shall invoice the County for scrap tires collected and transported since the previous invoice. Each invoice shall be according to the fees per Section 6. Each invoice shall include a dated listing of the loads collected and transported.

6) Collection Disposal Fees

The County shall pay Contractor, for the work described in Section 2, including processing and transportation of all passenger and truck tires, the sum of \$85.00 per ton, with a ten (10) ton minimum per load requirement. Freight will be charged at \$525.00 per load in addition to a \$25.00 Environmental Fee charge for each trailer pulled from the county collection site. Off road tires are charged at the same rate of \$85.00 per ton plus an additional \$0.20 per pound / Super Singles will be at the same rate of \$85.00 per ton plus \$.05 per pound with no minimum tonnage. A Consumer Price Index adjustment will be calculated in March of each year and will be applied to the contract price each year on July 1. Central Carolina Holdings reserves the right to reject or apply a special handling sur-charge fee for any and all tires that appear to have been burned, buried or shredded prior to transfer to their facility. Because fuel consumption constitutes a major part of the fee structure, in addition to the freight, there will be a fuel Sur Charge on each load.

Fuel Sur Charge Calculation

Fuel Sur-charge is calculated on a base price of fuel. Total round trip 210 miles for this transaction are multiplied times the incremental adjustment shown with that average price per gallon. Average price increments with corresponding Sur-charge are listed below. The price of diesel fuel for the purposes of this agreement shall be the diesel price for the East Coast, as obtained from the Diesel Fuel Hotline (202) 586-6966.

Re: Greene County Board of Health
Membership Application Recommendations

At the Greene County Board of Health meeting on May 14, 2024, the Greene County Board of Health discussed four applications for the Greene County Board of Health's five vacancies.

The five Greene County Board of Health vacancies are:

- Optometrist
- Veterinarian
- Physician
- Public Member
- Public Member

Stephanie Harris is currently serving in lieu of (ILO) of a Pharmacist on the Greene County Board of Health. The Greene County Board of Health is recommending that Stephanie Harris be appointed / moved to one of the Public Member positions and Sharon Smith (one of the applicants) be appointed to the Pharmacist position on the Greene County Board of Health. Sharon Smith is a pharmacist.

NC General Statute 130A-35

(b) The members of a county board of health shall be appointed by the county board of commissioners. The board shall be composed of 11 members. The composition of the board shall reasonably reflect the population makeup of the county and shall include: one physician licensed to practice medicine in this State, one licensed dentist, one licensed optometrist, one licensed veterinarian, one registered nurse, one licensed pharmacist, one county commissioner, one professional engineer, and three representatives of the general public. Except as otherwise provided in this section, all members shall be residents of the county. If there is not a licensed physician, a licensed dentist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer available for appointment, an additional representative of the general public shall be appointed. If, however, one of the designated professions has only one person residing in the county, the county commissioners shall have the option of appointing that

person or a member of the general public. In the event a licensed optometrist who is a resident of the county is not available for appointment, then the county commissioners shall have the option of appointing either a licensed optometrist who is a resident of another county or a member of the general public.

(c) Except as provided in this subsection, members of a county board of health shall serve three-year terms. No member may serve more than three consecutive three-year terms unless the member is the only person residing in the county who represents one of the professions designated in subsection (b) of this section. The county commissioner member shall serve only as long as the member is a county commissioner. When a representative of the general public is appointed due to the unavailability of a licensed physician, a licensed dentist, a resident licensed optometrist or a nonresident licensed optometrist as authorized by subsection (b) of this section, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer, that member shall serve only until a licensed physician, a licensed dentist, a licensed resident or nonresident optometrist, a licensed veterinarian, a registered nurse, a licensed pharmacist, or a professional engineer becomes available for appointment. In order to establish a uniform staggered term structure for the board, a member may be appointed for less than a three-year term.

Stephanie Harris would start over with a new three-year term on July 1, 2024. This would be considered her first term. Sharon Smith would be completing the term started by Stephanie Harris on July 1, 2022. That term would end on June 30, 2025, and Sharon Smith would be eligible for reappointment to another three-year term. *(Per email conversation with Jill Moore, Associate Professor of Public Law and Government, UNC School of Government.)*

The Board of Health recommends Michael Rhodes for another three-year term in his current position – Public Member. (This will be his second three-year term.)

The Board of Health recommends Dr. Ivey Smith for another three-year term in his current position – Veterinarian. (This will be his second term.)

The Board of Health recommends Grayson Moore be appointed to the Physician position. She will be serving ILO. This will be her first three-year term.

That still leaves one vacancy on the Greene County Board of Health – optometrist. We will continue to advertise this vacancy so that we can fill the position.

Thank you for your prompt attention to this very important matter.

Mr. DeHaven,

Our contract with DRC Emergency Services, the provider for debris removal post-disaster, has recently concluded. In preparation for the upcoming hurricane season, NC Emergency Management has established prepositioned debris removal contracts accessible to local government entities. These contracts were secured through a competitive bid process, fully compliant with both state and federal procurement regulations (2CFR Part 200).

Considering the impending hurricane season, we propose signing a letter of intent with Southern Disaster Recovery (SDR) and Crowder Gulf as our primary and secondary contractors for debris removal. SDR has been granted the primary contract for debris removal by NCEM, with Crowder Gulf as the secondary contractor. Both organizations offer comprehensive services capable of aiding Greene County in the event of a disaster.

Our staff has engaged with representatives from both SDR and Crowder Gulf and has received commendations recommending their services. The letter of intent serves as a non-binding agreement, indicating our potential utilization of SDR and Crowder Gulf's services when debris removal is necessary. This ensures they are aware of our intent to engage their services during times of need.

Best regards,

Brock Kearney
